## Summary

Highly motivated and enthusiastic B.Tech student with a strong foundation in Artificial intelligence and Machine Learning.Eager to apply acquired knowledge and develop new skills in a dynamic professional environment. Possesses excellent problem-solving abilities and a keen interest in innovative technologies.

## Education

Bachelor of Technology in Computer Science and Engineering with Artificial Intelligence .

Siddharth Institute of Engineering and Technology

Graduation: 2026 | CGPA: 9.31/10

## Projects

### Personal Portfolio Website

- Developed a responsive website to showcase academic projects, skills, and professional experience.
- Utilized HTML, CSS, JavaScript, React to create an interactive and visually appealing platform.

### Video Surveillance Anomaly Detector

- Designed and implemented a real-time anomaly detection system for video surveillance footage.
- Employed Python, OpenCV, deep learning frameworks like TensorFlow/PyTorch to identify unusual activities or events within video streams, enhancing security and monitoring capabilities.

### Towards Green and Trustworthy 6G: Federated Learning Approaches for Robust Privacy

- Explored and developed federated learning strategies to ensure data privacy and security in the context of future 6G networks.

- Focused on creating efficient and trustworthy AI models that can learn from decentralized data sources without compromising user information, contributing to sustainable and secure communication infrastructures.

## Internship

Machine Learning Intern | Intern Certify

10/08/2025 – 10/10/2025

- Gained practical experience in machine learning methodologies and tools.
- Assisted in data preprocessing, model training, algorithm implementation under the guidance of experienced professionals.

---

## Skills

- **Programming Languages:** Python, C++, Java.
- **Machine Learning Libraries:** TensorFlow, PyTorch, Keras
- **Tools & Technologies:** Git, SQL,AWS

---

## Languages

- English,Telugu ,Tamil

---

## Hobbies

- Reading tech blogs, Coding challenges, Photography.
